'The Seven-Eyed Model of Supervision'

Peter Hawkins & Robin Shohet

In this two-hour masterclass, Jean-Francois will share and explore Peter Hawkins 'Seven-Eyed Model of Supervision' and how it can be of relevance and value to Points of You Masters.

It will start by looking at 'supervision': what is it and what is it not? It will then look at 'projection', 'transference' and 'counter-transference'. The model will enable us to make sense of these and how we can be present to them and use them at the service of the client(s).

The session will be interactive and experiential.
